

# Creative Cooking Parties

Little Cooks Club hosts fabulous cooking parties that promote teamwork and are specifically designed to encourage creativity, multisensory stimulation, sharing and loads of fun. Children work together in small groups of two or three to alleviate pressure or stress, and allow full participation by each member.

Parties are hosted at Little Cooks Club Studios, which are fully equipped and supervised by Little Cooks Chefs, professional to the last detail - ensuring that parents and children only have to arrive with the anticipation of a fun filled, stress-free party.

Our party themes have been carefully formulated to suit every taste, namely:

#### SPADE TO SPATULA PARTY

Children make a delicious dish using the fruit or vegetable they planted at the beginning of the party

#### WHISKS & WOODEN SPOONS PARTY

Children spend time making one healthy and one 'decadent' food option

#### KIDS VS. KITCHEN PARTY

Children work in teams and challenge each other to an exciting cook off

#### LIQUORICE & LIME PARTY

Children make a delicious dish from ingredients selected out of a mystery box

#### FROSTING & FONDANT PARTY

Children spend time creatively decorating cakes or cake pops

Visit our website for full details on each party theme
